branch of Chicago River last night  
brought up the body of Otto Kroes-  
chell, millionaire manufacturer of boilers  
and other machinery and prominent  
in German club and social life.  
Discovery of the body ended a search  
by the police and relatives of Kroes-  
chell for the last nine days. He had  
been mysteriously missing since May  
8, when he left his home to go to his  
office. For several months, Kroeschell

## THE GREAT WAR.

### TOGO SHIFTS FLEET BELOW PESCADORES.

Strong Squadron Interposed to Block  
Paracels Passages to Rojostvensky.

Heavy Firing Heard in Latter Vicinity and it is  
Thought at Hue that Kamimura Has Opened Great  
Naval Battle With Attack by Scouts—Suspicious Stop-  
page of Dispatches from Manchuria.

(BY DIRECT WIRE TO THE TIMES.)

PARACLES, May 18.—[Exclusive  
Dispatch.] Admiral Togo has  
shifted one of his strongest  
cruiser squadrons below the Pesca-  
dores. His battleship squadron has  
moved south from Lochoo Islands—  
whether east or west of Formosa is  
uncertain, although it is likely to  
prevent a dash by the Russians to-  
ward Japan. He is using his heavy  
fighting machines to defend the outer  
passage.

Formosa Straits are being mined  
against Rojostvensky's advance.  
Many naval experts here believe  
Togo's battleships are in or near  
Basshe Channel—perhaps as far south  
as Ballintang Channel, north of  
Luzon.

It is impossible, owing to jealous  
guarding of war news by the Japa-  
nese, to tell the exact disposition of  
Togo's forces.  
Hainan passage is the most direct  
route from South China Sea to For-  
mosa Straits.  
Rojostvensky might take the outer  
Paracels passage, going east of Mac-  
clelland Bank, but that would mean a  
detour of his fleet, which probably is  
still off the coast of Annam.

SCENE OF FIRST CLASH.  
(BY DIRECT WIRE TO THE TIMES.)  
HONGKONG, May 18, 12:30 a. m.—  
[Exclusive Dispatch.] Little doubt is  
entertained that the first clash be-  
tween Rojostvensky and Togo will  
occur south or southwest of For-  
mosa.

Merchant vessels that had escaped the  
close surveillance maintained by  
Japanese scouts came in last night  
with reports of important movements  
about the Pescadores, in the Straits  
of Formosa and toward Basshe Chan-  
nel, which washes Formosa's south-  
ernmost point.

Apparently, Togo looks for Rojost-  
vensky's approach from the passage  
between Paracels and Hainan. It is  
understood in naval circles that  
Kamimura's squadron is reconnoiter-  
ing in that direction.

HEAVY FIRING HEARD.  
(BY DIRECT WIRE TO THE TIMES.)  
HUB (Upper Coochin-China) May 18,  
12:50 a. m.—[Exclusive Dispatch.]  
A small steamer that arrived this  
morning shortly after midnight re-  
ports having heard heavy firing in the  
direction of Paracels Islands yester-  
day.

A steamer early yesterday morning  
sighted a squadron standing toward  
Paracels from the east coast of Hai-  
nan Island. It was unable to deter-  
mine the nationality of the ships, but  
it is believed the vessels belonged to  
Kamimura's flying squadron and that  
they were moving against the Rus-  
sian fleet.

It is thought Admiral Rojostven-  
sky's movements have betrayed to the  
Japanese his intention to advance on  
Formosa Straits by the inner Para-  
cels Passage and that Togo is mass-  
ing his strength to command the wa-  
ters between these islands and  
Hainan. Kamimura's cruisers may  
have opened fire on Rojostvensky's  
scout ships.

BUILDING BRIDGES.  
(BY THE ASSOCIATED PRESS—P.M.)  
GEN. OKU'S HEADQUARTERS,  
Sunday, May 14, 3 p.m.—[Via Fusan.]  
The railway has been completed and  
is being operated as far as Tieling,  
temporary bridges replacing those that  
were destroyed. Work is being rap-  
idly pushed north of Tieling and ma-  
terial for permanent bridges is arriv-  
ing from Japan. Thousands of junk  
are carrying supplies on the Liao  
River between Newchwang and Tiel-  
ing.

KEEN INTEREST FELT.  
(BY THE ASSOCIATED PRESS—P.M.)  
ST. PETERSBURG, May 18, 2:40  
a.m.—With a suspicious stoppage of  
dispatches from Manchuria and a  
strong possibility that Vice-Admiral  
Rojostvensky has cut his last com-  
munications with home and set forth  
on the final stage of his journey to his  
goal, either Togo or Vladivostok, keen  
interest is manifested in naval and  
military circles here on the twofold  
field of war.

The boarding officer blindfolded the  
correspondent and took him on board  
Rear-Admiral Nebogoff's flagship, the  
Nicola II, where he was closely ques-  
tioned. The explanations of the cor-  
respondent were found to be satisfac-  
tory and he was well treated.

The Russians officers said they had  
not been ashore since February. They  
expected an engagement to take place  
soon. The united Russian fleet was  
then about to start for Vladivostok.

## TWO "STAR" ADDRESSES.

William Jennings Bryan Talks to Pres-  
byterians on Small Colleges and  
World-wide Missionary Work.  
(BY DIRECT WIRE TO THE TIMES.)  
WINONA LAKE (Ind.) May 17.—  
[Exclusive Dispatch.] The two  
"star" addresses in the Presbyterian  
General Assembly today were made  
by William Jennings Bryan; one be-  
fore the conference of college presi-  
dents, eulogizing the small colleges,  
and the other before the conference  
of foreign missionaries, insisting on  
world-wide work. The college con-  
ference was the largest in the history  
of the church, forty-eight colleges be-  
ing represented.

Justice John M. Harlan interested  
Bryan in his scheme for a Presby-  
terian cathedral in Washington City,  
and will distribute his memorial in the  
assembly tomorrow, when the body  
will be formally constituted for busi-  
ness.

A vigorous boom was started to-  
night in favor of Rev. Dr. John F.  
Hendy of Missouri for moderator, but  
the friends of Rev. Dr. James D.  
Moffat are confident of his election by  
an overwhelming majority.

## HIRAM CRONK'S FUNERAL.

Body of the Last Survivor of the War  
of 1812 Received at New York  
With Honors.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, May 17.—[Exclusive  
Dispatch.] Accompanied by the  
daughter, three sons, and the grand-  
son of the old veteran, the body of  
Hiram Cronk, the last soldier of the  
War of 1812, arrived at Grand Central  
station, early today, and at 10 o'clock  
was formally received by patriotic  
delegations. With a company of regu-  
lars as escort, the body was removed  
to the City Hall, where it lay in state  
for twenty-four hours.

The parade of the escorting cortege  
down Fifth avenue and Broadway was  
picturesque, and evoked a great deal  
of attention. After the regiments  
marched the members of the Society  
of the War of 1812, of which Hiram  
Cronk was a member. Trousers took  
the place of knee breeches of 1812 and  
the members of the society who  
marched today wore black trousers,  
black-tailed coats and high black  
stocks, with the figures "1812" on  
collar. The funeral will be held to-  
morrow.

KNIGHTS OF COLUMBUS.  
Between Fifty and Hundred Start from  
New York Soon to Take in Los  
Angeles Convention.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, May 17.—[Exclusive  
Dispatch.] Francis D. Thorne of  
Brooklyn, past State deputy Knight of  
Columbus, has completed all arrange-  
ments for the trip which is to be  
taken to the national convention at  
Los Angeles by between fifty and one  
hundred members and their families  
from this State, under Thorne's  
supervision.

The convention takes place June 5  
to 11, but Thorne's party will leave  
this city a week from next Sunday  
and will be gone exactly one month.  
After taking in the convention, on the  
return home, it will visit practically  
every noted historical spot in the  
country, taking in all principle cities.  
On the trip to California, the party  
will traverse the Rocky Mountains  
and will spend a day in Colorado,  
viewing the beauties of that State.  
It will also spend the greater part of  
a day in Salt Lake City.

From Salt Lake City, the party will  
proceed directly to Los Angeles, and  
will take part in the reception to be  
given in honor of the delegates to  
the national convention of the  
Knights of Columbus by the Governor  
of California, the Mayor of Los An-  
geles and the directors of the Cham-  
ber of Commerce.

SEBASTIAN'S ASSASSIN HUNG.  
LONDON, May 17.—A dispatch to a  
London news agency from St. Peters-  
burg says that Ivan Kaleski, who as-  
sinated Grand Duke Sergius Febru-  
ary 17, at Moscow, was executed today.

According to the reports gathered  
concerning the Russian fleet, Admiral  
Rojostvensky showed absolute disre-  
gard for the discussions on the sub-  
ject of neutrality. The Russian com-  
mander proceeded as if his position  
gave him complete independence. He  
declared that he acted on his own judg-  
ment and said that criticisms do not  
change his opinions. Iron discipline,  
it is added, was maintained on board  
the Russian warships.

A correspondent of a Hanoi news-  
paper who was said to have been lost  
off Port Dayet, forty miles north of  
Kamra Bay, was brought here on a  
junk. While on the junk, the corres-  
pondent says thirty Russian warships  
anchored in the bay. The junk later  
was stopped and boarded by the Rus-  
sian repair ship Kametchatka.

The boarding officer blindfolded the  
correspondent and took him on board  
Rear-Admiral Nebogoff's flagship, the  
Nicola II, where he was closely ques-  
tioned. The explanations of the cor-  
respondent were found to be satisfac-  
tory and he was well treated.

The Russians officers said they had  
not been ashore since February. They  
expected an engagement to take place

## OPEN SHOP FOR THEM.

Manufacturers Vote  
Unanimously.

Resolution Carries Urging  
All Who Have Not This  
Policy to Adopt it.

Emory of San Francisco  
Talks on the Necessity of  
Organization.

Confidence Expressed in the  
Americanism of Canal  
Commissioners.

(BY DIRECT WIRE TO THE TIMES.)

ATLANTA (Ga.) May 17.—[Exclu-  
sive Dispatch.] By a unanimous  
vote, the National Association of  
Manufacturers today reaffirmed its  
adherence to the open-shop policy.  
The Committee on Resolutions re-  
ported favorably on continuing the  
policy, and when the report reached  
the convention, there was a chorus of  
voices all over the house, urging its  
adoption.

The resolution urged all manu-  
facturers who have not adopted the  
"open-shop" policy to do so. It was  
stated in the report that the ultimate  
success of such method was assured.  
It was insisted that the youth of  
America should have the same oppor-  
tunity to learn professions and earn  
their bread as was accorded the pla-  
neers. The resolution was adopted  
amid a storm of applause and much  
cheering.

The resolution requesting the Pana-  
ma Canal Commission to purchase  
material needed for building the  
canal from American manufacturers  
alone was voted down, also amid en-  
thusiasm. The sentiment of the con-  
vention was that the canal commis-  
sion would not go abroad to buy sup-  
plies, notwithstanding Secretary  
Taft's announcement that all materials  
would be bought in the cheapest  
market.

Eugene N. Poes of Boston delivered  
an address favoring tariff revision  
along the line of the extension of the  
policy of reciprocity, and his re-  
marks were heartily approved.

Samuel Spencer, president of the  
Southern Railway, spoke on railroad  
legislation. He spoke of the wonder-  
ful growth of industries in this coun-  
try through fair competition, and  
added that the country seemed threat-  
ened now with most serious departure  
from fundamental laws and prin-  
ciples. Spencer said he was not de-  
laying the power or right of policy of  
governmental regulation, by proper  
and safe methods, of the performance  
by railroads of their public duties.

"To correct abuses is one thing; to  
superintend and direct the earning power  
or operations of the business of what-  
ever character is quite another," he  
added. "I am only pointing out that,  
if the government, in its regulation of  
common carriers, shall go beyond the  
point of correcting illegal, well-defined  
abuses and unjust discrimination, it  
may unintentionally, possibly uncon-  
sciously, be entering upon a policy of  
governmental paternalism, from which  
retreat will be difficult, if not impos-  
sible."

The harmful step might follow that  
the government would make prices for  
the manufacturer and the merchant.  
The remedy for corporate evils, in his  
mind, lay in intelligent and thorough

PALA IS KILLED.  
TROOPS PURSUE HANDFUL.  
(BY THE ASSOCIATED PRESS—P.M.)  
MANILA, May 18.—[By Manila  
Cable.] News has been received that  
Pala, the outlaw Moro chief, who has  
been pursued the past two weeks on  
the Island of Jolo by troops under the  
command of Gen. Leonard Wood, has  
been killed. His few surviving follow-  
ers are being trailed by his troops. At

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, May 17.—[Exclusive Dispatch.] No little discussion has been aroused here by the decision of the Supreme Court in the case of the Kingwood Coal Company vs. the Baltimore and Ohio Railroad, an action involving important questions of freight-car discrimination. The justices hold that the United States District and Circuit courts have power, not only to forbid discrimination, but to fix the percentage of cars which the railroads must provide for the shippers.

The coal company, an independent concern in West Virginia, on a branch of the Baltimore and Ohio, alleged that it did not get the cars apportioned to it in proportion to its output, because the road was discriminating in favor of mines along its line, in which the railroad company, through its leading stockholders, was interested. Judge Goff, in the United States Circuit Court, found discrimination existed, and ordered the railroad company to supply 31 per cent of the cars it had on hand. The coal company previously had been getting but 18 per cent.

The Supreme Court holds that it cannot accept the view that Congress intended, under the Elkins Act, to confine the scope of the writ of mandamus applicable in such cases to an admonition merely, or to a general command to desist from discrimination, rather than from particular action at issue.

An interesting feature of the case is the fact that prominent railroad men tried to dissuade the railroad company from an appeal to the Supreme Court, fearing the effect of the widespread knowledge of the adverse decision which they seemed to expect.

It is difficult to see why, because the exercise of the war power was initiated under a foreign war, it ceases at the end of that war and does not extend into a much more serious war, simply because the territory was domestic. To entertain this view, it seems to me, is to disregard the doctrines laid down in the Civil War cases, which unquestionably sustain the exercise of executive power for which the government contends in dealing with an insurrectionary war in domestic territory. The President consciously and intentionally imposed the order on the new war, and was not, therefore, knowingly giving an authority in blank.

There cannot be the slightest doubt about this. The commanding general and the subordinate officers acted at all times in strict accordance with the executive orders.

The court's inquiry, says Mr. Hoyt, was not exhaustive, and the stress of the case rests upon the intention of Congress in ratifying acts done in the Philippines. The government is convinced, he says, that Congress intended to ratify all that was done by the executive authorities in the Philippines. After extending this argument to some length, by way of giving reasons for the rehearing, Mr. Hoyt concluded:

"Without magnifying the case, it is possible, I think, that while the opinion of the court strikes down only the tariff on merchandise from the United States, the legality of the entire structure of civil government after the ratification of the treaty is involved, and may be denied hereafter relative to other features not now presented or foreseen, if the court adheres unqualifiedly to the logic of this opinion."

The court would be regarded as controlling either the large amount of money involved, or the fact that the claimant added the duties to the price of his goods. But it is worth while to point out (as accentuating the great importance of this case) that the refund called for under the decision of the court will reach the sum of \$7,000,000, and that this vast sum will be paid in large part to claimants, many of whom are aliens, who are public opponents on the whole, opposing, rather than supporting, the authority of the United States.

WASHINGTON, May 17.—The annual conference of State and Provincial Boards of Health of North America concluded its sessions today, after adopting a resolution expressing realization of the sanitary condition of Panama and addressing to the President and Secretary of State the expression of confidence in the American health officials on the Isthmus and asking for them the greatest liberty of action.

It also adopted a resolution inviting the International Congress of Hygiene to hold its meeting of 1923 in the United States. A committee was appointed to report on methods of making vital statistics more uniform as to detail and to encourage the enactment of laws requiring such statistics to be taken throughout the country.

WASHINGTON, May 17.—[Exclusive Dispatch.] Secretary Metcalf says he has no fear of "yellow peril" in the aspect that is now giving concern to western farmers and fruit growers. A great agitation is under way in California and other States on the Pacific Coast against Japanese laborers, in the effort to have them excluded from the United States, like Chinese.

It is alleged that the Japanese are running American laborers out of business on the Coast. They were imported, years ago, in great numbers to work on the fruit ranches, and lately, it is said, the Japs have taken to city pursuits, and now one padrone has a string of 200 boot and shoe repair shops. Workmen on the Coast are said to be alarmed, and are developing sentiment favorable to Japanese exclusion laws.

Secretary Metcalf, who is a California man, says he takes no stock in the "yellow peril" cry, and declares that the main trouble is with the white man. He thinks if the latter were willing to work in the fruit districts he could have all the employment he desires.

Immediately after the conclusion of Dr. Hatcher's speech, the convention spontaneously burst into the singing of "All Hail the Power of Jesus' Name."

RUSSIAN ADMIRAL SICK.  
IMPOSSIBLE TO MEET TOGO.  
(BY THE ASSOCIATED PRESS-A.M.)  
ST. PETERSBURG, May 17.—Very disquieting reports are in circulation this evening about Vice-Admiral Rojestvensky's health. It is said that he has telegraphed to the Emperor that it is impossible for him to proceed. An evening paper prints a report that the Admiral suffers a nervous breakdown. No official confirmation of the report that Rojestvensky has requested to be relieved from duty is obtainable at the Admiralty.

Should Rojestvensky be compelled to leave the fleet the command will devolve on Rear-Admiral Voeysker, who is now with Rojestvensky. He also advanced ideas on the subject of the Council of the Empire. It is announced from Kronshtadt that Vice-Admiral Birlik, commander-in-chief at the Baltic port, has ordered the commanders in the fourth division of Vice-Admiral Rojestvensky's fleet to hold their ships in readiness to leave for the Far East by June 14 without fail.

That official may have forwarded the news from mere hearsay, but would be more inclined to give credence to rumor, as the German government is said to have applied to the authorities at Peking for a concession authorizing it to occupy that point in Chinese territory, which concession has not been granted.

The admiral, it is added, did not find any Russian vessels between Cape St. James and Turin. Even as far north as Jowaney, the most available northern anchorage on the Anam coast, not one Russian ship was observed.

BERESFORD'S COMMENT.  
(BY THE ASSOCIATED PRESS-A.M.)  
QUEENSTOWN, May 17.—Vice-Admiral Lord Charles Beresford, commanding the Channel Fleet, in an interview here yesterday, on the arrival of the White Star Line steamer, Oceanic, from New York, May 10, said he felt France had taken care that there should be no breach of neutrality in the Far East, with her consent. Possibly, he said, the Russians, like others, might use French waters to repair accidents and remain there until turned out.

Polish Privileges Restored by Imperial Rescript Modifying Restrictive Decrees in Nine of Western Governments of Empire—Not Much Progress in Jewish Question.

(BY THE ASSOCIATED PRESS-A.M.)  
ST. PETERSBURG, May 17.—Minister of Agriculture Yermoloff has resigned and has been appointed a member of the Council of the Empire, which is equivalent to his retirement from active public life.

Yermoloff was regarded as one of the most liberal of the Emperor's ministers, having been an outspoken and consistent advocate of a Parliament. He also advanced ideas on the subject of colonization, having urged the adoption of the American homestead system to his new project for leasing the great State domains of Russia to the peasants. To this policy is attributed his downfall.

By the imperial rescript issued yesterday, modifying the restrictive decrees in nine of the western governments of Russia and giving the Poles greater freedom for acquiring farming lands and purchasing landed properties and industrial premises and giving permission to introduce the Polish and Lithuanian languages in the primary and secondary schools, where the majority of the inhabitants are Polish, almost all the burdens of the vastous Russian empire have been removed and all the harsh measures introduced at the policy of reaction have been abolished. In effect, the Russian government proposes to pay for the subsistence of the Lena's prisoners, who would be under the direct control of the United States authorities.

# MUSIC ALLEGORY VARIED SHOW.

INNES' "AMERICANA" A THING  
ABSOLUTELY UNIQUE.

First Presentation Tonight, With the Assistance of Veterans, Soldiers, Chorus, Band, Drum Corps, Officers, and Other Extra Attractions—Much Interest Manifested.

Tonight the "big event" of the Innes May festival is to take place at Temple Auditorium—big, because of the multiple interest that centers in it. There will be brilliant music and martial pageantry, a costumed brigade of "musical blacksmiths," six different companies of the California Seventh Regiment, the naval militia, Stanton, Bartlett and Kennerly Posts of the G. A. R., a detachment of Troop D, the company of Spanish War veterans and 100 old men from the Soldiers' National Home—each company being commanded by its own officers.

"Americana," Innes' own production, which will receive its first presentation this evening, is a real allegory of the War of the Rebellion, the times behind it, and the times ahead of it, even to the days that now are.

It is full-musically—of brilliant bits from Innes' own pen, martial airs of the world, national ballads, and the old-fashioned lyric gems of primitive America.

The soloists are to be Mrs. Partridge, Francis Archambault, Fritz Huttman and Bohumir Kryl.

The "Boys in Blue" will be there to salute and give bug calls, and in addition to the Innes Band there will be the drum corps of Bartlett Post, the Regiment Band of the Soldiers' Home and one or two other organizations.

**THE ARRANGEMENTS.**

Special arrangements have necessarily been made to care for the patrons of this spectacle, for in any addition to the many hundreds who have already bought a seat, large delegations of the various military organizations have been invited and have signified their intention of being present.

All members of the regular chorus will be admitted by card through the annex from Olive street, and will pass directly to the stage.

At members of the G. A. R. posts, National Guard, veterans, naval militia and men of the Spanish-American War will pass into the Olive-street annex, and will be assigned to the positions of prominence in the auditorium—receiving instruction at the same time concerning their part of the programme.

Directing this will be the Innes librarian, while Harry Bell of this city will attend to all reserved seats for military officers and their attendants.

"Americana" is a unique musical spectacle, and in composition and construction is a tribute to Innes' versatile talents.

**WOMAN FRIGHTFULLY BEATEN  
IN SAN DIEGO.**

Debauch of Himself and Male Companion is Followed by Quarrel Which Terminates in Fatal Injuries for Her—New Government Surveys for Imperial Valley.

**IMPERIAL CORRESPONDENCE OF THE TIMES.**  
SAN DIEGO, May 17.—Mrs. Clara A. Hoke died yesterday as the result of injuries received last Saturday night at the hands of Anson Brown. There was a row which was the termination of a drunken debauch of several days' standing, the men and the woman having been intoxicated together in a lone shack on the water front.

Brown had an idea that the woman was trying to get his money, and he proceeded to beat her, leaving her more dead than alive in the wrecked hotel. Brown was thrust into jail, and a charge of battery was lodged against him. The following Monday, Mrs. Hoke, who had been taken to a hospital, was too ill to appear against him.

Yesterday Brown was arrested for battering another woman, and this morning he was arrested on the charge of murder. The main injuries to the Hoke woman were internal.

It is alleged that Brown knocked the woman down and stamped upon her body. Nearly all her teeth were knocked out, her feet were almost obliterated and her body was a mass of bruises.

**IMPERIAL VALLEY SURVEY.**  
Notice has been received by the County Surveyor from W. S. Graham, United States Surveyor-General, that the government will receive bids for the execution of new surveys in the Imperial Valley. Land in that section has been sold according to a survey which does not accord with one government survey by three-quarters of a mile in some places. It is to dispose of the confusion that resulted from a government error that the new survey will be made.

The bids will be opened June 7 and the contract will be awarded within thirty days. The running of nearly 5000 miles of lines is involved.

**"PRISONER" REACHING OUT.**  
J. W. Sifton and L. J. Wilde of this city and Herman W. Hellman of Los Angeles have turned over to the Home Telephone Company \$50,000 in exchange for the entire bond issue for the extension of the system to Coronado, Chula Vista, National City, El Cajon and La Jolla. The extension of the line to La Jolla will be the first extension. The United States Long Distance Telephone Company will extend its system from Santa Ana to La Jolla, thus completing the connection.

**Professors' Pension Fund.**  
Mr. Carnegie's pension fund for the older college professors will yield an income of \$1500 a year for about three hundred of them, and it is thought that 150 institutions will be eligible to share in the benefits of the fund. So that not more than two professors on the average from each college and university can be cared for. As the number of those who might properly be pensioned in this way is much more than three hundred, there will be calls in the future for additions to the fund, which may eventually grow to \$20,000,000 or \$25,000,000 by the help of Mr. Carnegie and other generous givers.—[Hartford Times.]

"Why is there no magazine in English that publishes the great foreign stories we hear about so often?" There is no doubt about the demand for such a periodical. The best English and American fiction is divided among so many magazines that there's not enough to go around—the magazine that publishes six really great stories in a year does not exist. But a magazine that draws on the whole of the world's literature could easily give its readers a dozen great stories each month, and still not exhaust the rich treasures that are hidden from the average English-speaking reader—stories filled with the life and brilliancy of France; with the psychological insight of Germany; with the realism of Russia; with the pathos and aspiration of the North; and with the romance and glamour of Italy and Spain.

Would not such a magazine appeal to you?

To be continued tomorrow.

**PERSONAL.**  
Paul Sarony, the celebrated New York photographer, and Mrs. Sarony, are at the Lankershim.

George Romney, who for fifteen years has been one of the lumber dealers of Salt Lake, arrived in Los Angeles yesterday with his wife. They are registered at the Hollenbeck.

Referring to visit Los Angeles to San Francisco, a party of railroad conductors are now at the Lankershim. They hail from Boston and were originally bound for the convention of the Organization of Railway Conductors. But they had heard so much of this city, that they chose rather to come here. A. H. Brown of Boston is in charge of the party. They spent yesterday seeing the sights on the Sullion track and other excursions around town. Today they go to Catalina Island and tomorrow to Mt. Lowe. They represent many of the largest of the eastern railroads.

**FIRST CONFIRMATION CLASS.**  
The first class of candidates for confirmation to be presented to the bishop at the Church of San Pietro, the Italian Catholic Church of San Fernando street, is being prepared by the pastor, Rev. Father Picentini, and the Italian Sisters of the Sacred Heart. The class numbers about forty-five children.

Gov. Deene has signed the Anti-Mob Bill, introduced by Edward D. Green, colored member from the First District, Cook county. Another bill signed by the Governor, provides for local option in cities and towns.

## Invalid Chair Wanted.

The Associated Charities, which seldom makes an appeal to the public, is trying to get an invalid chair for a poor boy, whose widowed mother is destitute. The objects are to study Jewish literature and to provide social and intellectual advantages. The membership is composed of some of the best-known young Jewish people of the city. B. Davidson, former president of the Young Zionists' Association, has been chosen as president for the new society.

## Negro Dive Raided.

The notorious negro club presided over by "Scotty" Allen at Third and Alameda streets was raided by Capt. Auble and four of his men last night and Frank Powell, bartender, together with a wagonload of liquor, was taken to the City Jail. Capt. Auble says Allen's place was one of the very worst dens of vice in the city. Powell was locked up on a charge of violating the liquor ordinances. ## G.A.R. Folk Take Notice.

## BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier; especially Sunday real estate announcements, which in order to be printed must be in the office not later than 10 o'clock Saturday night. The printing of all real estate matter, including advertisements, in a part by itself on Sundays involves somewhat slower press work, making it essential, in order to get the paper out on time, to stop receiving real estate ads at 10 o'clock Saturday night. Dealers will confer with the Times office if they will turn in Sunday copy on Friday, when possible; or at least a part of it, and the balance early on Saturday. Sunday "Want" ads will still be received by phone and over the counter until 11 o'clock Saturday night.

British subjects are requested to send their addresses to the undersigned. All British-born persons owning property in California are earnestly advised to execute wills appointing resident executors. Forms gratis on application. Reasons for this advice can be obtained by communication with C. White Mortimer, British Vice-Consul.

**\$2 Waists \$1.19**

## 1000 of 'Em—Today Only

Hot weather here and such a demand for white waists was never known before in Southern California. And so this big waist sale comes just at the right moment. Did we say "big" sale? It's more than that, for here are ONE THOUSAND of the finest, fluffiest, daintiest, two-dollar waists—and instead of two dollars the price, only for today, will be \$1.19.

Small stores pay more than this price at wholesale. Besides, it isn't only the price! It isn't only the style; but it's such a treat to have over sixty DIFFERENT styles to choose from, each one pretty enough to delight any woman, and a quantity large enough to give all a fair chance.

More details: Waists come in all white, mostly in splendid lawn, trimmed with tucks, embroidery, insertion, etc.; 1000 of them at \$1.19 today only.

## Still Other Special Prices Make This Store The

## Only Trading Place for Women's Garments

There'll be but one garment store in the minds of women today, and that's this big department, almost countless attractions in every line of wearables. Where a small store may show a handful of monplace styles, here are dozens, even hundreds of styles, and to illustrate prices, note these exquisite silk suits described below, price at this store only \$10. Who'd think of buying trashy stuff at any price so such lovely, stylish costumes can be had so cheaply?

We could mention other things—light wool suits, nobby jackets for cool evenings, silk wraps, costumes, walking skirts, wash suits, real bargains in every line.

## \$18.50 Taffeta Silk Suits \$10.00

These beautiful silk suits come in shirt waist or jacket style in the prevailing colors, variously trimmed with pleats, some with lace insertion, all of them with the newest sleeves and skirts. Regular \$18.50 special at \$10.00.

**PANOCHA DRIPS**  
Maple Syrup is good—we don't deny it. Honey has its good points—we'll admit the fact. But the delicacy that combines the good qualities of both these products and has an additional "goodness" peculiarly its own, is Panocha Drips, the new southern syrup with the "different" taste. It is safe to say that no food product ever introduced upon the local market has met with such widespread success as has this full-flavored syrup. It has been pronounced the most delicious ever produced from a union of pure sugars.
